

WHY DO I NEED ALL AMERICAN'S ACCIDENT COVERAGE?

Accidents can happen to anyone!

- **An on-the job accident injury takes place every eight seconds**
- **Slightly more than 28 percent of all injuries resulting in emergency room visits occurred at home.**
- **Approximately 22 percent of the injury visits to hospital emergency rooms are the result of a sports related activity for persons between the ages of five and 24.**

Won't my medical insurance cover accident costs?

Most health insurance covers the major expenses resulting from accidents. But All American's *Accident plan provides additional cash directly to you and your family* to help offset these expenses:

- **Ambulance fees**
- **Emergency room treatment**
- **Prosthetic Devices/Artificial Limb**
- **Care of fractures, burns, dislocations and other injuries.**

Your employer makes this specially designed insurance program available. Rates are affordable through the convenience of Payroll deduction.

Employee Monthly Payroll Rates

(Plan A)

Individual	Insured & Spouse	Single Parent	Family
\$12.70	\$19.50	\$20.40	\$27.20
